Designated Governor for Mental Health and Wellbeing and school contact details	Mr J Jacques office@hazeldeneschool.co.uk

Every adult has the right and duty to refer any safeguarding concerns that they have themselves. In the case of a child, this should be direct to the Multi Agency Safeguarding Hub (MASH) or in the case of an adult, to the Local Authority Designated Officer (LADO).

1. Aims

The school aims to ensure that:

- Appropriate action is taken in a timely manner to safeguard and promote children's welfare
- All staff are aware of their statutory responsibilities with respect to safeguarding
- Staff are properly trained in recognising and reporting safeguarding issues

2. Legislation and statutory guidance

This policy is based on the Department for Education's statutory guidance, [Keeping Children Safe in Education 2018](#) and [Working Together to Safeguard Children](#), and the [Governance Handbook](#). We comply with this guidance and the procedures set out by our local safeguarding children board.

This policy is also based on the following legislation:

- Section 175 of the [Education Act 2002](#), which places a duty on schools and local authorities to safeguard and promote the welfare of pupils
- [The School Staffing \(England\) Regulations 2009](#), which set out what must be recorded on the single central record and the requirement for at least one person on a school interview/appointment panel to be trained in safer recruitment techniques
- [The Children Act 1989](#) (and [2004 amendment](#)), which provides a framework for the care and protection of children
- Section 5B(11) of the Female Genital Mutilation Act 2003, as inserted by section 74 of the [Serious Crime Act 2015](#), which places a statutory duty on teachers to report to the police where they discover that female genital mutilation (FGM) appears to have been carried out on a girl under 18
- [Statutory guidance on FGM](#), which sets out responsibilities with regards to safeguarding and supporting girls affected by FGM
- [The Rehabilitation of Offenders Act 1974](#), which outlines when people with criminal convictions can work with children
- Schedule 4 of the [Safeguarding Vulnerable Groups Act 2006](#), which defines what 'regulated activity' is in relation to children
- Statutory [guidance on the Prevent duty](#), which explains schools' duties under the Counter-Terrorism and Security Act 2015 with respect to protecting people from the risk of radicalisation and extremism
- The [Childcare \(Disqualification\) Regulations 2009](#) and [Childcare Act 2006](#), which set out who is disqualified from working with children

This policy also meets requirements relating to safeguarding and welfare in the [statutory framework for the Early Years Foundation Stage](#).

3. Definitions

Safeguarding and promoting the welfare of children means:

- Protecting children from maltreatment
- Preventing impairment of children's health or development

- Ensuring that children grow up in circumstances consistent with the provision of safe and effective care
- Taking action to enable all children to have the best outcomes

Child protection is part of this definition and refers to activities undertaken to prevent children suffering, or being likely to suffer, significant harm.

Abuse is a form of maltreatment of a child, and may involve inflicting harm or failing to act to prevent harm. Appendix 1 explains the different types of abuse.

Neglect is a form of abuse and is the persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development. Appendix 1 defines neglect in more detail.

Children includes everyone under the age of 18.

4. Equality statement

Some children have an increased risk of abuse, and additional barriers can exist for some children with respect to recognising or disclosing it. We are committed to anti-discriminatory practice and recognise children's diverse circumstances. We ensure that all children have the same protection, regardless of any barriers they may face.

We give special consideration to children who:

- Have special educational needs or disabilities
- Are young carers
- May experience discrimination due to their race, ethnicity, religion, gender identification or sexuality
- Have English as an additional language
- Are known to be living in difficult situations – for example, temporary accommodation or where there are issues such as substance abuse or domestic violence
- Are at risk of FGM, sexual exploitation, forced marriage, or radicalisation
- Are asylum seekers

5. Roles and responsibilities

Safeguarding and child protection is **everyone's** responsibility. This policy applies to all staff, volunteers and governors in the school and is consistent with the procedures of Bedfordshire LSCB. Our policy and procedures also apply to our care club and off-site activities.

5.1 All staff

All staff will read and understand part 1 and Annex A of the Department for Education's statutory safeguarding guidance, [Keeping Children Safe in Education 2018](#), and review this guidance at least annually.

All staff will be aware of:

- Our systems which support safeguarding, including the staff code of conduct, the role of the designated safeguarding lead (DSL), the behaviour policy, and the safeguarding response to children who go missing from education

- The early help process (EHA) and their role in it, including identifying emerging problems, liaising with the DSL, and sharing information with other professionals to support early identification and assessment
- The process for making referrals to local authority children's social care and for statutory assessments that may follow a referral, including the role they might be expected to play
- What to do if they identify a safeguarding issue or a child tells them they are being abused or neglected, including specific issues such as FGM, and how to maintain an appropriate level of confidentiality while liaising with relevant professionals
- The signs of different types of abuse and neglect, as well as specific safeguarding issues, such as child sexual exploitation (CSE), FGM and radicalisation

Section 12 and appendix 4 of this policy outline in more detail how staff are supported to do this.

5.2 The designated safeguarding lead (DSL)

In order to ensure children are adequately protected, we will ensure that:

- All staff who have access to children are checked in line with government guidelines. Four members of staff and four school governors have undertaken training in safer recruitment in line with the Bichard Recommendations., (Mrs Helen Ward (Headteacher) and Mrs Victoria Kilroy (Assistant Head), Mrs Joanne Sumner (Assistant Head), Mrs Vicky Norman (KS2 Leader and SENDCo) Mrs M Lambert Governor, Mr John Barrow Governor.)
- We have five trained designated members of staff, who undertake refresher training every two years.(Helen Ward Headteacher, Mrs Victoria Kilroy Assistant Head, Mrs Joanne Sumner Assistant Head Mrs Vicky Norman (SENDCo KS2 Leader) and Tina Jeffers Learning Mentor)
- The Head Teacher, Mrs Helen Ward has also received Local Authority Designated Officer Training (LADO) which deals with allegations against staff.
- All our staff receive basic awareness face to face training every two years delivered by an outside provider. In addition they also complete online training every two years accredited by the Local Safeguarding Board..
- Staff have read and understand the Child Protection Policy and are aware of the indicators of child abuse and how to respond to concerns or disclosures of abuse by children.
- All staff undertake Prevent training.
- All staff have read at least Part 1 of 'Keeping Children Safe in Education', current guidance updated September 2018.

DSL Responsibilities

- Refer suspected abuse and neglect to the Multi Agency Safeguarding Hub (MASH).
- Report [allegations](#) made against members of staff to the Local Authority Designated Officer LADO (and Ofsted if Early Years).
- Develop and update the [Child Protection and other safeguarding policies](#), ensuring that staff and children/families/parents are aware of them.
- Provide support and advice to all members of staff within the setting regarding child protection concerns.
- Ensure that cover is provided for the role when absent from the setting.

- Ensure that a child's child protection file is copied for the new educational establishment as soon as possible when a child moves educational settings, and that this file is transferred securely and separately from the main pupil file. This will be done personally face to face if at all possible
- Ensure that all staff receive appropriate [Child Protection and Safeguarding Training](#), and maintain training records.
- Cooperate with any requests for information from the local authority, such as Child Protection training returns and self-evaluative forms for safeguarding and child protection, in compliance with Section 11, Children Act 2004.

The full responsibilities of the DSL are set out in their job description.

5.3 The governing board

- The Designated Governor for Safeguarding at Hazeldene school is: **Mr. Stuart Bolton.**
- The Designated Governor meets termly with the head teacher to discuss Child Protection issues.
- Where appropriate, the Governors will ensure that sufficient resources are made available to enable the necessary tasks to be carried out properly under inter-agency procedures.
- The Governors will ensure that the designated member of staff for child protection is given sufficient time to carry out his or her duties, including accessing training.

The Governors will review safeguarding practices in the school on a regular basis, and no less than annually, to ensure that:

- The school is carrying out its duties to safeguard the welfare of children at the school.
- Members of staff and volunteers are aware of current practices in this matter, and that staff receive training where appropriate;
- All Governors have read the latest KCSIE guidance (2018)
- Child protection is integrated with induction procedures for all new members of staff and volunteers
- The school follows the procedures agreed by Local Safeguarding Children Board, and any supplementary guidance issued by the Local Authority
- Only persons suitable to work with children shall be employed in the school, or work here in a voluntary capacity

Where safeguarding concerns about a member of staff are raised, take appropriate action in line with LSCB Allegations against Staff Procedures and Bedford Borough Disciplinary Procedures.

The chair of governors will act as the 'case manager' in the event that an allegation of abuse is made against the headteacher, where appropriate (see appendix 3).

Responsibilities of other staff members

It is the responsibility of all other members of staff to ensure that all safeguarding concerns, both minor and serious, are reported to the DSL as soon as reasonably possible.

The DSL may have other information regarding a child, young person or their family of which other staff may not be aware. Minor concerns may take on greater significance within the wider context of knowledge of a child or family that the DSL may have.

All staff members should be aware of the signs of abuse and neglect and should always act in the best interests of the child.

All staff members receive appropriate child protection training which is regularly updated. The school ensures that all new staff receive safeguarding training as part of their induction in line with advice from the LSCB.

All staff should be aware of systems within the school/setting which support safeguarding and these should be explained to them as part of staff induction.

Any member of staff, discovering that an act of Female Genital Mutilation appears to have been carried out on a girl under the age of 18 must report this to the police and the DSL.

5.4 The Head Teacher

The Head Teacher at Hazeldene is also the DSL, she is responsible for the implementation of this policy, including:

- Ensuring that staff (including temporary staff) and volunteers are informed of this policy as part of their induction
- Communicating this policy to parents when their child joins the school and via the school website
- Ensuring that the DSL has appropriate time, funding, training and resources, and that there is always adequate cover if the DSL is absent
- Ensuring that all staff undertake appropriate safeguarding and child protection training and update this regularly
- Acting as the 'case manager' in the event of an allegation of abuse made against another member of staff or volunteer, where appropriate (see appendix 3)
- Ensuring the relevant staffing ratios are met, where applicable
- Making sure each child in the Nursery is assigned a key person

6. Confidentiality

- Timely information sharing is essential to effective safeguarding
- Information must only be shared on a 'need-to-know' basis, but you do not need consent to share information if a child is suffering, or at risk of, serious harm
- Staff should never promise a child that they will not tell anyone about an allegation, as this may not be in the child's best interests

Confidentiality is also addressed in this policy with respect to record-keeping in section 11, and allegations of abuse against staff in appendix 3

- Please also refer to Hazeldene School's confidentiality policy

7.1 Recognising abuse and taking action

Staff, volunteers and governors must follow the procedures set out below in the event of a safeguarding issue.

7.2 Child Protection Procedures

You have a concern about a child / young person's wellbeing, based on:

- a) Something the child / young person / parent has told you
- b) Something you have noticed about the child's behaviour, health, or appearance
- c) Something another professional said or did

Even if you think your concern is minor, the Designated Child Safeguarding Lead may have more information that, together with what you know, represents a more serious worry about a child.

It is never your decision alone how to respond to concerns, but it is **always** your responsibility to share concerns, no matter how small.

Decide whether you need to find out more by asking the child / young person, or their parent to clarify your concerns, being careful to use open questions, beginning with words like: 'how', 'why', 'where', 'when', 'who'?

Let the child / young person / parent know what you plan to do next if you have heard a disclosure of abuse or you are talking with them about your concerns.

Do not promise to keep what they tell you secret.

Example: 'I am worried about your bruise and I need to tell Mrs Ward so that she can help us think about how to keep you safe'.

Inform the DSL immediately. If the DSL is not available, inform their Deputy. If neither of these staff members are available, speak to another senior member of staff. If there is no other member of staff available, you must make the referral yourself.

Make a written record on our yellow referral sheets found on the child protection board in the staffroom as soon as possible after the event, noting:

- a) Name of child
- b) Date, time and place
- c) Who else was present
- d) What was said / What happened / What did you notice

speech, behaviour, mood, drawings, games or appearance

- e) If the child or parent spoke, record their words rather than your interpretation
- f) Analysis of what you observed and why it is a cause for concern.

The DSL may **take advice from Multi Agency Safeguarding Hub (MASH)**.

The DSL makes the **referral to MASH**.

The referral will note all previous interventions by the school with the child, any relevant history relating to the child, their siblings or the family. There is a multi-agency enquiry form on the Bedford Safeguarding Children Board website. The child may be the responsibility of another local authority depending on their home address or legal status, but the MASH are still the first point of contact.

The **DSL shares information with other relevant professionals**, recording reasons for sharing information and ensuring that they are aware of what action the other professionals will take as a result of information shared.

The **DSL informs parent that they have made a CP referral**, if the parent does not already know, and if there is no reason not to let them know.

MASH may suggest to delay informing the parent in cases of suspected sexual abuse, or where informing the parent might put the child at further risk, to prevent the child being harmed or intimidated (and retracting their disclosure).

In cases of suspected Fabricated or Induced Illness by proxy, the parent is not informed that this is being considered.

The **DSL remains in close communication with other professionals around the child / young person** and with the family, in order to share any updates about the child / young person.

If a child protection investigation is pursued, the DSL and other key school staff will:

- Work closely and collaboratively with all professionals involved in the investigation, to keep the child / young person safe.
- Attend a child protection conference when invited and provide updated information about the child.
- Attend any subsequent child protection review conferences.
- Attend core group meetings and take an active role in the implementation of the protection plan.

Where there is a safeguarding concern governing boards and school leaders should ensure the child's wishes and feelings are taken into account when determining what action to take and what

services to provide. Systems should be in place for children to express their views and give feedback. Ultimately any systems and processes should operate with the **best** interests of the child at their heart.

The role of the school in situations where there are child protection concerns is NOT to investigate but to recognise and refer.

7.3 If you discover that FGM has taken place or a pupil is at risk of FGM

The Department for Education's Keeping Children Safe in Education explains that FGM comprises "all procedures involving partial or total removal of the external female genitalia, or other injury to the female genital organs".

FGM is illegal in the UK and a form of child abuse with long-lasting, harmful consequences. It is also known as 'female genital cutting', 'circumcision' or 'initiation'.

Possible indicators that a pupil has already been subjected to FGM, and factors that suggest a pupil may be at risk, are set out in appendix 4.

Any teacher who discovers that an act of FGM appears to have been carried out on a **pupil under 18** must immediately report this to the police, personally. This is a statutory duty, and teachers will face disciplinary sanctions for failing to meet it.

The duty above does not apply in cases where a pupil is *at risk* of FGM or FGM is suspected but is not known to have been carried out. Staff should not examine pupils.

Any other member of staff who discovers that an act of FGM appears to have been carried out on a **pupil under 18** must speak to the DSL and follow our local safeguarding procedures.

Any member of staff who suspects a pupil is *at risk* of FGM, must speak to the DSL and complete a yellow concern form

7.4 If you have concerns about a child (as opposed to a child being in immediate danger)

Figure 1 illustrates the procedure to follow if you have concerns about a child's welfare and the child is not in immediate danger.

Where possible, speak to the DSL first to agree a course of action.

Early help

If early help is appropriate, the DSL will liaise with other agencies and a EHA will be completed.

The DSL will keep the case under constant review and the school will consider a referral to local authority children's social care if the situation does not seem to be improving. Timelines of interventions will be monitored and reviewed.

Referral

If it is appropriate to refer the case to local authority children's social care or the police, the DSL or Deputy DSL will make a referral.

The local authority will make a decision within 1 working day of a referral about what course of action to take and will let the person who made the referral know the outcome. The DSL or person who made the referral must follow up with the local authority if this information is not made available, and ensure outcomes are properly recorded.

If the child's situation does not seem to be improving after the referral, the DSL or person who made the referral must contact the local authority and make sure the case is reconsidered to ensure the concerns have been addressed and the child's situation improves.

7.5 If you have concerns about extremism

If a child is not at immediate risk of harm, where possible, speak to the DSL

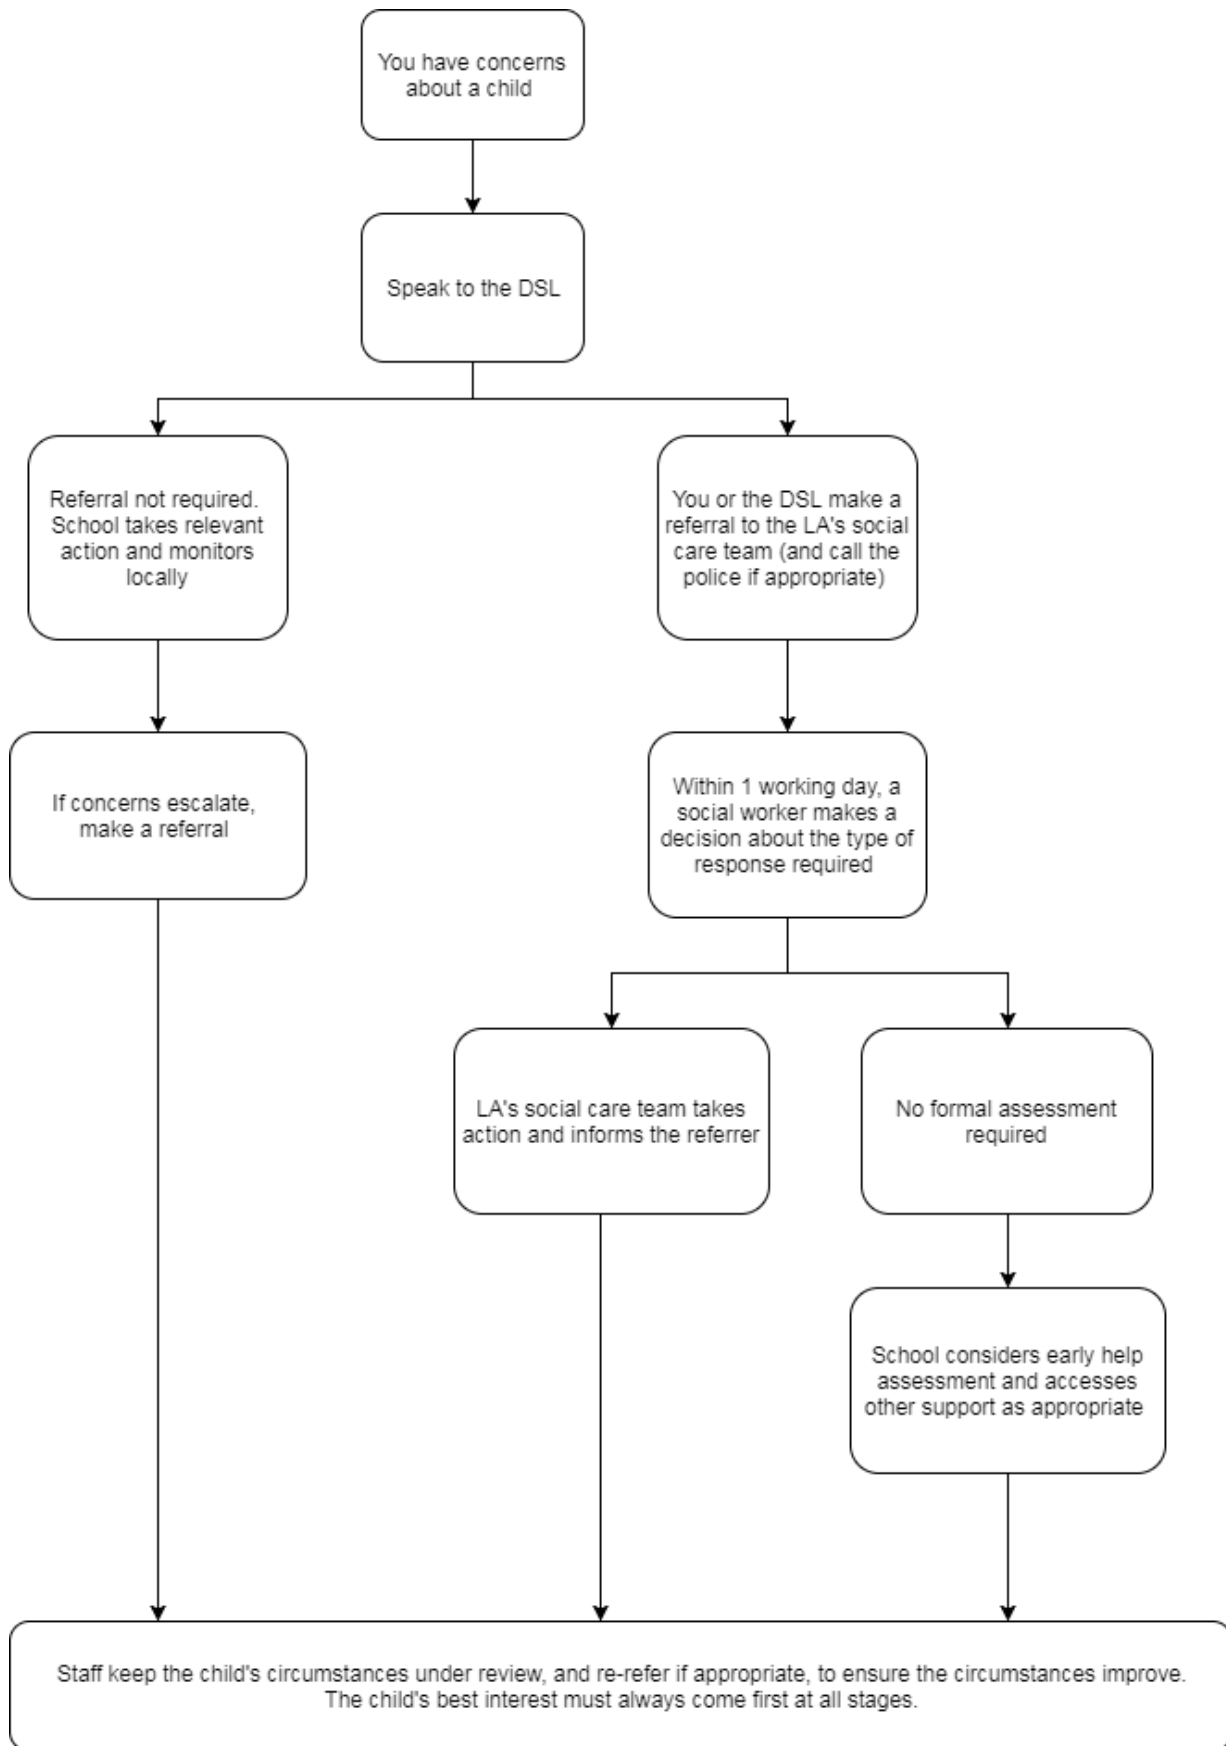

Where there is a concern, the DSL will consider the level of risk and decide which agency to make a referral to. This could include [Channel](#), the government's programme for identifying and supporting individuals at risk of being drawn into terrorism, or the local authority children's social care team.

The Department for Education also has a dedicated telephone helpline, 020 7340 7264, that school staff and governors can call to raise concerns about extremism with respect to a pupil. You can also email counter.extremism@education.gov.uk. Note that this is not for use in emergency situations.

In an emergency, call 999 or the confidential anti-terrorist hotline on 0800 789 321 if you:

- Think someone is in immediate danger
- Think someone may be planning to travel to join an extremist group
- See or hear something that may be terrorist-related

Figure 1: procedure if you have concerns about a child's welfare (no immediate danger)

7.6 Concerns about a staff member or volunteer

If you have concerns about a member of staff or volunteer, speak to the Head Teacher. If you have concerns about the headteacher, speak to the chair of governors.

You can also discuss any concerns about any staff member or volunteer with the DSL.

The Head Teacher/chair of governors/DSL will then follow the procedures set out in appendix 3, if appropriate.

Where appropriate, the school will inform Ofsted of the allegation and actions taken, within the necessary timescale (see appendix 3 for more detail).

7.7 Allegations of abuse made against other pupils (child on child abuse)

We recognise that children are capable of abusing their peers. Abuse will never be tolerated or passed off as “banter” or “part of growing up”.

Most cases of pupils hurting other pupils will be dealt with under our school’s behaviour policy, but this child protection and safeguarding policy will apply to any allegations that raise safeguarding concerns. This might include where the alleged behaviour:

- Is serious, and potentially a criminal offence
- Could put pupils in the school at risk
- Is violent
- Involves pupils being forced to use drugs or alcohol
- Involves sexual exploitation or sexual abuse, such as indecent exposure, sexual assault, or sexually inappropriate pictures or videos (including sexting)

If a pupil makes an allegation of abuse against another pupil:

- You must tell the DSL and record the allegation, but do not investigate it
- The DSL will contact the local authority children’s social care team and follow its advice, as well as the police if the allegation involves a potential criminal offence
- The DSL will put a risk assessment and support plan into place for all children involved – both the victim(s) and the child(ren) against whom the allegation has been made – with a named person they can talk to if needed
- The DSL will contact the children and adolescent mental health services (CAMHS), if appropriate

We will minimise the risk of child-on-child abuse by:

- Challenging any form of derogatory or sexualised language or behaviour
- Being vigilant to issues that particularly affect different genders – for example, sexualised or aggressive touching or grabbing towards female or male pupils
- Ensuring our curriculum helps to educate pupils about appropriate behaviour and consent
- Ensuring pupils know they can talk to staff confidentially by putting worry pouches in every classroom and ensuring the children know they can always talk to any adult in school.
- Ensuring staff are trained to understand that a pupil harming a peer could be a sign that the child is being abused themselves, and that this would fall under the scope of this policy

8. Notifying parents

Where appropriate, we will discuss any concerns about a child with the child's parents. The DSL will normally do this in the event of a suspicion or disclosure.

Other staff will only talk to parents about any such concerns following consultation with the DSL.

If we believe that notifying the parents would increase the risk to the child, we will discuss this with the local authority children's social care team before doing so.

In the case of allegations of abuse made against other children, we will normally notify the parents of all the children involved.

9. Mobile phones and cameras

Staff are allowed to bring their personal phones to school for their own use, but will limit such use to non-contact time when pupils are not present. Staff members' personal phones will remain in their locker in the staffroom during contact time with pupils.

Staff will not take pictures or recordings of pupils on their personal phones or cameras.

We will follow the General Data Protection Regulation and Data Protection Act 2018 when taking and storing photos and recordings for use in the school.

Please see our Acceptable User Policy for more details

Photographing Children

We understand that parents like to take photos of or video record their children in the school play, or at sports day, or school presentations. This is a normal part of family life, and we will not discourage parents from celebrating their child's successes. We will ask permission before concerts etc for parental consent. Parents should be aware before, in respect of school events, that images must be for private use only

However, if there are Health and Safety issues associated with this - i.e. the use of a flash when taking photos could distract or dazzle the child, and cause them to have an accident, we will encourage parents to use film or settings on their camera that do not require flash.

We will not allow others to photograph or film pupils during a school activity without permission.

We will not allow images of pupils to be used on school websites, publicity, or press releases, without express permission from the parent.

Unfamiliar persons may be confronted, to ensure those without a connection to the school are not filming covertly

We do ask that photos and videos are not put onto social networking sites such as Facebook as the children's names may be "tagged", thus identifying them without parental consent.

The school cannot however be held accountable for photographs or video footage taken by parents or members of the public at school functions.

10. Complaints and concerns about school safeguarding practices

10.1 Complaints against staff

Allegations of abuse can be made by children and young people and they can be made by other concerned adults.

All allegations against staff or volunteers should be immediately brought to the attention of the Head teacher.

If an allegation is made against the Head teacher, this should be brought to the attention of the Chair of Governors.

In all cases, the Local Authority Designated Officer (LADO) should be notified.

10.2 Whistle-blowing-See separate policy for detail

All staff and volunteers should feel able to raise concerns about poor or unsafe practice and potential failures in the school's safeguarding procedures and know that such concerns will be taken seriously by the senior leadership team. Whistleblowing procedures, which are suitably reflected in staff training and staff behaviour policies, are in place for such concerns to be raised with the school's senior leadership team.

11. Record-keeping

We will hold records in line with our records retention schedule.

All safeguarding concerns, discussions, decisions made and the reasons for those decisions, must be recorded in writing. If you are in any doubt about whether to record something, discuss it with the DSL.

All confidential records will be kept in a secure locked cupboard only accessed by SLT. They will only be available to those who have a right or professional need to see them.

In addition:

- Appendix 2 sets out our policy on record-keeping specifically with respect to recruitment and pre-employment checks
- Appendix 4 sets out our policy on record-keeping with respect to allegations of abuse made against staff

12. Training

12.1 All staff

All staff members will undertake safeguarding and child protection training at induction, including on whistle-blowing procedures, to ensure they understand the school's safeguarding systems and their responsibilities, and can identify signs of possible abuse or neglect. This training will be regularly updated and will be in line with advice from our local safeguarding children board.

All staff will have training on the government's anti-radicalisation strategy, Prevent, to enable them to identify children at risk of being drawn into terrorism and to challenge extremist ideas.

Staff will also receive regular safeguarding and child protection updates (for example, through emails, e-bulletins and staff meetings) as required, but at least annually.

All staff will complete face to face training every two years delivered by an outside provider. Staff will complete online training every two years from the LSCB website

Volunteers will receive appropriate training, if applicable.

12.2 The DSL and deputies

The DSL and deputies will undertake child protection and safeguarding training at least every 2 years.

In addition, they will update their knowledge and skills at regular intervals and at least annually (for example, through e-bulletins, meeting other DSLs, or taking time to read and digest safeguarding developments).

They will also undertake Prevent awareness training.

12.3 Governors

All governors receive training about safeguarding, to make sure they have the knowledge and information needed to perform their functions and understand their responsibilities.

They will also complete the online training every two years.

12.4 Recruitment – interview/appointment panels

Safer Recruitment

[Safeguarding Children in Education \(2015\)](#) outlines Safer Recruitment processes in education settings. At least one member of staff on every recruitment panel has undertaken training in [Safer Recruitment](#). All staff who have access to children are checked in line with government guidelines. Four members of staff and four school governors have undertaken training in safer recruitment in line with the Bichard Recommendations., (Mrs Helen Ward (Headteacher) and Mrs Victoria Kilroy (Assistant Head), Mrs Joanne Sumner (Assistant Head), Mrs Vicky Norman (KS2 Leader and SENDCo) Mrs M Lambert (Governor), Mr John Barrow (Governor).

Staff and governors have undertaken safeguarding checks including Disclosure and Barring Service (DBS) checks, and for staff barred list checks together with two references with at least one being from the previous employer and interview information. In addition to obtaining the DBS certificate, anyone who is appointed to carry out teaching work will require an additional check to ensure they are not prohibited from teaching. Volunteers are appropriately supervised. It is good practice to ask new governors for references.

Safer Recruitment processes aim to:

1. Deter potential abusers by setting high standards of practice and recruitment.
2. Reject inappropriate candidates at the application and interview stages.
3. Prevent abuse to children by developing robust policies and agreeing on safe practice.

The school has procedures in place to make a DBS referral if a person in regulated activity has been dismissed or removed due to safeguarding concerns, or would have been had they not resigned. This is a legal duty.

13. Provision to help pupils feel safe

Safeguarding permeates through all aspect of the wider school curriculum.

Through a more personalised PSHCE programme that specifically meets the needs of our children; they learn to engage with others in a safe and mutually respectful way. Our robust anti-bullying policy is reinforced regularly. Pupils who have particular needs or difficulties in these areas are supported by a range of social and emotional support strategies and programmes, as well as receiving additional individual support from our Learning Mentor and other staff.

Initiatives such as playground buddies and School Council along with highly effective work with other agencies ensure that children are well-placed to keep themselves and other children safe in their everyday lives.

14. Monitoring arrangements

Implementation, Dissemination and Review Strategies

This policy is reviewed annually by the DSL and is approved by the Board of Governors. It will reflect the experience and expertise of school staff. The DSL will encourage a culture of listening to children and taking into account their wishes and feelings in any measures our school may put in place to protect them.

All members of staff read and agree to the child protection policy before the start of their employment.

All children, young people and their families will be made aware of the policy before enrolment. It is important for families to be aware of actions staff may take if there are any concerns for a child or a young person's safety, and for them to understand that they might not be consulted before action is taken. Knowing about child protection procedures ahead of time helps parents to engage better in the process, meaning that change is more likely to take place.

Copies of this policy and supporting materials, such as the Bedford Borough Child Protection Procedures and Safeguarding Children in Education (2015) are easily accessible on the school website

Please note that the procedures are updated regularly therefore the accurate version is always the on-line version on the Safeguarding Board website.

Promoting Policy

This policy will be promoted by:

- Making it available to all staff, parents, pupils and other interested parties
- Making the policy available in special formats on requests

The governing body will review the policy in September 2019 or earlier if necessary

15. Links with other policies

This policy links to the following policies and procedures:

- Behaviour
- Staff [behaviour/code of conduct]
- Complaints
- Health and safety
- Attendance
- E- safety
- Sex and relationship education
- First aid
- Curriculum
- Privacy notices
- Prevent
- Confidential reporting
- GDPR
- Whistle blowing
- Missing Child

These appendices are based on the Department for Education's statutory guidance, Keeping Children Safe in Education September 2018.

Appendix 1: types of abuse

Abuse, including neglect, and safeguarding issues are rarely standalone events that can be covered by one definition or label. In most cases, multiple issues will overlap.

Physical abuse may involve hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating or otherwise causing physical harm to a child. Physical harm may also be caused when a parent or carer fabricates the symptoms of, or deliberately induces, illness in a child.

Emotional abuse is the persistent emotional maltreatment of a child such as to cause severe and adverse effects on the child's emotional development. Some level of emotional abuse is involved in all types of maltreatment of a child, although it may occur alone.

Emotional abuse may involve:

- Conveying to a child that they are worthless or unloved, inadequate, or valued only insofar as they meet the needs of another person
- Not giving the child opportunities to express their views, deliberately silencing them or 'making fun' of what they say or how they communicate
- Age or developmentally inappropriate expectations being imposed on children. These may include interactions that are beyond a child's developmental capability, as well as overprotection and limitation of exploration and learning, or preventing the child participating in normal social interaction
- Seeing or hearing the ill-treatment of another
- Serious bullying (including cyberbullying), causing children frequently to feel frightened or in danger, or the exploitation or corruption of children

Sexual abuse involves forcing or enticing a child or young person to take part in sexual activities, not necessarily involving a high level of violence, whether or not the child is aware of what is happening. The activities may involve:

- Physical contact, including assault by penetration (for example rape or oral sex) or non-penetrative acts such as masturbation, kissing, rubbing and touching outside of clothing
- Non-contact activities, such as involving children in looking at, or in the production of, sexual images, watching sexual activities, encouraging children to behave in sexually inappropriate ways, or grooming a child in preparation for abuse (including via the internet)

Sexual abuse is not solely perpetrated by adult males. Women can also commit acts of sexual abuse, as can other children.

Neglect is the persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development. Neglect may occur during pregnancy as a result of maternal substance abuse.

Once a child is born, neglect may involve a parent or carer failing to:

- Provide adequate food, clothing and shelter (including exclusion from home or abandonment)
- Protect a child from physical and emotional harm or danger
- Ensure adequate supervision (including the use of inadequate care-givers)

- Ensure access to appropriate medical care or treatment

It may also include neglect of, or unresponsiveness to, a child's basic emotional needs.

Special Circumstances

The Bedford Borough Child Protection Procedures outline responses to special circumstances in child protection cases, including issues such as:

- Bullying.
- Child Sexual Exploitation (CSE.)
- Domestic violence.
- Drugs.
- Fabricated or induced illness.
- Faith abuse.
- Female genital mutilation (FGM).
- Forced marriage.
- Gangs, serious youth violence and violent extremism.
- 'Honour'-based violence (HBV).
- Information and communication technology (ICT)-based forms of abuse, including cyberbullying.
- Missing from care and home.
- Not attending school.
- Parental lack of control.
- Parental mental illness.
- Parents with learning disabilities.
- Parents who misuse substances.
- Pregnancy.
- Private fostering.
- Self-harming and suicidal behaviour.
- Sexually active children.
- Spirit possession or witchcraft.
- Trafficked and exploited children.
- Young carers.
- Gender-based violence/violence against women and girls (VAWG).
- Hate.
- Preventing radicalisation.
- Sexting.
- Relationship abuse.

Appendix 2: safer recruitment and DBS checks – policy and procedures

We will record all information on the checks carried out in the school's single central record (SCR). Copies of these checks, where appropriate, will be held in individuals' personnel files. We follow requirements and best practice in retaining copies of these checks, as set out below.

Appointing new staff

When appointing new staff, we will:

- Verify their identity
- Obtain (via the applicant) an enhanced Disclosure and Barring Service (DBS) certificate, including barred list information for those who will be engaging in regulated activity (see definition below). We will not keep a copy of this for longer than 6 months
- Obtain a separate barred list check if they will start work in regulated activity before the DBS certificate is available
- Verify their mental and physical fitness to carry out their work responsibilities
- Verify their right to work in the UK. We will keep a copy of this verification for the duration of the member of staff's employment and for 2 years afterwards
- Verify their professional qualifications, as appropriate
- Ensure they are not subject to a prohibition order if they are employed to be a teacher
- Carry out further additional checks, as appropriate, on candidates who have lived or worked outside of the UK, including (where relevant) any teacher sanctions or restrictions imposed by a European Economic Area professional regulating authority, and criminal records checks or their equivalent

We will seek references on all short-listed candidates, including internal candidates, before interview. We will scrutinise these and resolve any concerns before confirming appointments.

We will ensure that appropriate checks are carried out to ensure that individuals are not disqualified under the Childcare Disqualification (Regulations) 2009 and Childcare Act 2006. Where we take a decision that an individual falls outside of the scope of these regulations and we do not carry out such checks, we will retain a record of our assessment on the individual's personnel file. This will include our evaluation of any risks and control measures put in place, and any advice sought.

Regulated activity means a person who will be:

- Responsible, on a regular basis in a school or college, for teaching, training, instructing, caring for or supervising children
- Carrying out paid, or unsupervised unpaid, work regularly in a school or college where that work provides an opportunity for contact with children
- Engaging in intimate or personal care or overnight activity, even if this happens only once and regardless of whether they are supervised or not

Existing staff

If we have concerns about an existing member of staff's suitability to work with children, we will carry out all the relevant checks as if the individual was a new member of staff. We will also do this if an individual moves from a post that is not regulated activity to one that is.

We will refer to the DBS anyone who has harmed, or poses a risk of harm, to a child or vulnerable adult:

- Where the 'harm test' is satisfied in respect of the individual (i.e. that no action or inaction occurred but the present risk that it could was significant)
- Where the individual has received a caution or conviction for a relevant offence
- If there is reason to believe that the individual has committed a listed relevant offence, under the [Safeguarding Vulnerable Groups Act 2006 \(Prescribed Criteria and Miscellaneous Provisions\) Regulations 2009](#)
- If the individual has been removed from working in regulated activity (paid or unpaid) or would have been removed if they had not left

Agency and third-party staff

We will obtain written notification from any agency or third-party organisation that it has carried out the necessary safer recruitment checks that we would otherwise perform. We will also check that the person presenting themselves for work is the same person on whom the checks have been made.

Contractors

We will ensure that any contractor, or any employee of the contractor, who is to work at the school has had the appropriate level of DBS check. This will be:

- An enhanced DBS check with barred list information for contractors engaging in regulated activity
- An enhanced DBS check, not including barred list information, for all other contractors who are not in regulated activity but whose work provides them with an opportunity for regular contact with children

We will obtain the DBS check for self-employed contractors.

We will not keep copies of such checks for longer than 6 months.

Contractors who have not had any checks will not be allowed to work unsupervised or engage in regulated activity under any circumstances.

We will check the identity of all contractors and their staff on arrival at the school.

Trainee/student teachers

Where applicants for initial teacher training are salaried by us, we will ensure that all necessary checks are carried out.

Where trainee teachers are fee-funded, we will obtain written confirmation from the training provider that necessary checks have been carried out and that the trainee has been judged by the provider to be suitable to work with children.

In both cases, this includes checks to ensure that individuals are not disqualified under the Childcare Disqualification (Regulations) 2009 and Childcare Act 2006.

Volunteers

We will:

- Never leave an unchecked volunteer unsupervised or allow them to work in regulated activity
- Obtain an enhanced DBS check with barred list information for all volunteers who are new to working in regulated activity
- Obtain an enhanced DBS check without barred list information for all volunteers who are not in regulated activity, but who have an opportunity to come into contact with children on a regular basis, for example, supervised volunteers
- Carry out a risk assessment when deciding whether to seek an enhanced DBS check for any volunteers not engaging in regulated activity
- Ensure that appropriate checks are carried out to ensure that individuals are not disqualified under the Childcare Disqualification (Regulations) 2009 and Childcare Act 2006. Where we decide that an individual falls outside of the scope of these regulations and we do not carry out such checks, we will retain a record of our assessment. This will include our evaluation of any risks and control measures put in place, and any advice sought

Governors

- All governors will have an enhanced DBS check

Adults who supervise pupils on work experience

When organising work experience, we will ensure that policies and procedures are in place to protect children from harm.

We will also consider whether it is necessary for barred list checks to be carried out on the individuals who supervise a pupil under 16 on work experience. This will depend on the specific circumstances of the work experience, including the nature of the supervision, the frequency of the activity being supervised, and whether the work is regulated activity.

Appendix 3: allegations of abuse made against staff

This section of this policy applies to all cases in which it is alleged that a current member of staff or volunteer has:

- Behaved in a way that has harmed a child, or may have harmed a child, or
- Possibly committed a criminal offence against or related to a child, or
- Behaved towards a child or children in a way that indicates he or she would pose a risk of harm to children

It applies regardless of whether the alleged abuse took place in the school. Allegations against a teacher who is no longer teaching and historical allegations of abuse will be referred to the police.

We will deal with any allegation of abuse against a member of staff or volunteer very quickly, in a fair and consistent way that provides effective child protection while also supporting the individual who is the subject of the allegation.

Our procedures for dealing with allegations will be applied with common sense and judgement.

Suspension

Suspension will not be the default position, and will only be considered in cases where there is reason to suspect that a child or other children is/are at risk of harm, or the case is so serious that it might be grounds for dismissal. In such cases, we will only suspend an individual if we have considered all other options available and there is no reasonable alternative.

Based on an assessment of risk, we will consider alternatives such as:

- Redeployment within the school so that the individual does not have direct contact with the child or children concerned
- Providing an assistant to be present when the individual has contact with children
- Redeploying the individual to alternative work in the school so that they do not have unsupervised access to children
- Moving the child or children to classes where they will not come into contact with the individual, making it clear that this is not a punishment and parents have been consulted
- Temporarily redeploying the individual to another role in a different location, for example to an alternative school

Definitions for outcomes of allegation investigations

- **Substantiated:** there is sufficient evidence to prove the allegation
- **Malicious:** there is sufficient evidence to disprove the allegation and there has been a deliberate act to deceive
- **False:** there is sufficient evidence to disprove the allegation
- **Unsubstantiated:** there is insufficient evidence to either prove or disprove the allegation (this does not imply guilt or innocence)

Procedure for dealing with allegations

In the event of an allegation that meets the criteria above, the Head Teacher (or chair of governors where the Head Teacher is the subject of the allegation) – the ‘case manager’ – will take the following steps:

- Immediately discuss the allegation with the designated officer at the local authority. (LADO), this is to consider the nature, content and context of the allegation and agree a course of action, including whether further enquiries are necessary to enable a decision on how to proceed, and whether it is necessary to involve the police and/or children’s social care services. (The case manager may, on occasion, consider it necessary to involve the police *before* consulting the designated officer – for example, if the accused individual is deemed to be an immediate risk to children or there is evidence of a possible criminal offence. In such cases, the case manager will notify the designated officer as soon as practicably possible after contacting the police)
- Inform the accused individual of the concerns or allegations and likely course of action as soon as possible after speaking to the designated officer (and the police or children’s social care services, where necessary). Where the police and/or children’s social care services are involved, the case manager will only share such information with the individual as has been agreed with those agencies

Where appropriate (in the circumstances described above), carefully consider whether suspension of the individual from contact with children at the school is justified or whether alternative arrangements such as

those outlined above can be put in place. Advice will be sought from the designated officer, police and/or children's social care services, as appropriate

- **If immediate suspension is considered necessary**, agree and record the rationale for this with the LADO. The record will include information about the alternatives to suspension that have been considered, and why they were rejected. Written confirmation of the suspension will be provided to the individual facing the allegation or concern within 1 working day, and the individual will be given a named contact at the school and their contact details
- **If it is decided that no further action is to be taken** in regard to the subject of the allegation or concern, record this decision and the justification for it and agree with the designated officer what information should be put in writing to the individual and by whom, as well as what action should follow both in respect of the individual and those who made the initial allegation
- **If it is decided that further action is needed**, take steps as agreed with the designated officer to initiate the appropriate action in school and/or liaise with the police and/or children's social care services as appropriate
- Provide effective support for the individual facing the allegation or concern, including appointing a named representative to keep them informed of the progress of the case and consider what other support is appropriate. Advice from the individuals union may be appropriate and/or support from Bedford Borough Counselling Service
- Inform the parents or carers of the child/children involved about the allegation as soon as possible if they do not already know (following agreement with children's social care services and/or the police, if applicable). The case manager will also inform the parents or carers of the requirement to maintain confidentiality about any allegations made against teachers (where this applies) while investigations are ongoing. Any parent or carer who wishes to have the confidentiality restrictions removed in respect of a teacher will be advised to seek legal advice
- Keep the parents or carers of the child/children involved informed of the progress of the case and the outcome, where there is not a criminal prosecution, including the outcome of any disciplinary process (in confidence)
- Make a referral to the DBS where it is thought that the individual facing the allegation or concern has engaged in conduct that harmed or is likely to harm a child, or if the individual otherwise poses a risk of harm to a child

We will inform Ofsted of any allegations of serious harm or abuse by any person living, working, or looking after children at the premises (whether the allegations relate to harm or abuse committed on the premises or elsewhere), and any action taken in respect of the allegations. This notification will be made as soon as reasonably possible and always within 14 days of the allegations being made.

If the school is made aware that the secretary of state has made an interim prohibition order in respect of an individual, we will immediately suspend that individual from teaching, pending the findings of the investigation by the National College for Teaching and Leadership.

Where the police are involved, wherever possible the governing body will ask the police at the start of the investigation to obtain consent from the individuals involved to share their statements and evidence for use in the school's disciplinary process, should this be required at a later point.

Timescales

- Any cases where it is clear immediately that the allegation is unsubstantiated or malicious will be resolved within 1 week
- If the nature of an allegation does not require formal disciplinary action, we will institute appropriate action within 3 working days
- If a disciplinary hearing is required and can be held without further investigation, we will hold this within 15 working days

Specific actions

Action following a criminal investigation or prosecution

The case manager will discuss with the local authority's designated officer whether any further action, including disciplinary action, is appropriate and, if so, how to proceed, taking into account information provided by the police and/or children's social care services.

Conclusion of a case where the allegation is substantiated

If the allegation is substantiated and the individual is dismissed or the school ceases to use their services, or the individual resigns or otherwise ceases to provide their services, the case manager and the school's personnel adviser will discuss with the designated officer whether to make a referral to the DBS for consideration of whether inclusion on the barred lists is required.

If the individual concerned is a member of teaching staff, the case manager and personnel adviser will discuss with the designated officer whether to refer the matter to the NCTL to consider prohibiting the individual from teaching.

Individuals returning to work after suspension

If it is decided on the conclusion of a case that an individual who has been suspended can return to work, the case manager will consider how best to facilitate this.

The case manager will also consider how best to manage the individual's contact with the child or children who made the allegation, if they are still attending the school.

Unsubstantiated or malicious allegations

If an allegation is shown to be deliberately invented, or malicious, the Head Teacher, or other appropriate person in the case of an allegation against the headteacher, will consider whether any disciplinary action is appropriate against the pupil(s) who made it, or whether the police should be asked to consider whether action against those who made the allegation might be appropriate, even if they are not a pupil.

Confidentiality

The school will make every effort to maintain confidentiality and guard against unwanted publicity while an allegation is being investigated or considered.

The case manager will take advice from the local authority's designated officer, police and children's social care services, as appropriate, to agree:

- Who needs to know about the allegation and what information can be shared
- How to manage speculation, leaks and gossip, including how to make parents or carers of a child/children involved aware of their obligations with respect to confidentiality
- What, if any, information can be reasonably given to the wider community to reduce speculation

- How to manage press interest if, and when, it arises

Record-keeping

The case manager will maintain clear records about any case where the allegation or concern meets the criteria above and store them on the individual's confidential personnel file for the duration of the case. Such records will include:

- A clear and comprehensive summary of the allegation
- Details of how the allegation was followed up and resolved
- Notes of any action taken and decisions reached (and justification for these, as stated above)

If an allegation or concern is not found to have been malicious, the school will retain the records of the case on the individual's confidential personnel file, and provide a copy to the individual. We will retain these records at least until the individual has reached normal pension age, or for 10 years from the date of the allegation if that is longer.

The records of any allegation that is found to be malicious will be deleted from the individual's personnel file.

References

When providing employer references, we will not refer to any allegation that has been proven to be false, unsubstantiated or malicious, or any history of allegations where all such allegations have been proven to be false, unsubstantiated or malicious.

Learning lessons

After any cases where the allegations are *substantiated*, we will review the circumstances of the case with the local authority's designated officer to determine whether there are any improvements that we can make to the school's procedures or practice to help prevent similar events in the future.

This will include consideration of (as applicable):

- Issues arising from the decision to suspend the member of staff
- The duration of the suspension
- Whether or not the suspension was justified
- The use of suspension when the individual is subsequently reinstated. We will consider how future investigations of a similar nature could be carried out without suspending the individual

Appendix 4: specific safeguarding issues

Children missing from education

A child going missing from education is a potential indicator of abuse or neglect, and such children are at risk of being victims of harm, exploitation or radicalisation.

There are many circumstances where a child may become missing from education, but some children are particularly at risk. These include children who:

- Are at risk of harm or neglect
- Come from Gypsy, Roma, or Traveller families

- Come from the families of service personnel
- Go missing or run away from home or care
- Are supervised by the youth justice system
- Cease to attend a school
- Come from new migrant families

We will follow our procedures for unauthorised absence and for dealing with children who go missing from education, particularly on repeat occasions, to help identify the risk of abuse and neglect, including sexual exploitation, and to help prevent the risks of going missing in future. This includes informing the local authority if a child leaves the school without a new school being named, and adhering to requirements with respect to sharing information with the local authority, when applicable, when removing a child's name from the admission register at non-standard transition points.

Staff will be trained in signs to look out for and the individual triggers to be aware of when considering the risks of potential safeguarding concerns which may be related to being missing, such as travelling to conflict zones, FGM and forced marriage.

If a staff member suspects that a child is suffering from harm or neglect, we will follow local child protection procedures, including with respect to making reasonable enquiries. We will make an immediate referral to the local authority children's social care team, and the police, if the child is in immediate danger or at risk of harm.

Child sexual exploitation

Child sexual exploitation (CSE) is a form of sexual abuse where children are sexually exploited for money, power or status.

This can involve violent, humiliating and degrading sexual assaults, but does not always involve physical contact and can happen online. For example, young people may be persuaded or forced to share sexually explicit images of themselves, have sexual conversations by text, or take part in sexual activities using a webcam.

Children or young people who are being sexually exploited may not understand that they are being abused. They often trust their abuser and may be tricked into believing they are in a loving, consensual relationship.

If a member of staff suspects CSE, they will discuss this with the DSL. The DSL will trigger the local safeguarding procedures, including a referral to the local authority's children's social care team and the police, if appropriate.

Indicators of sexual exploitation can include a child:

- Appearing with unexplained gifts or new possessions
- Associating with other young people involved in exploitation
- Having older boyfriends or girlfriends
- Suffering from sexually transmitted infections or becoming pregnant
- Displaying inappropriate sexualised behaviour
- Suffering from changes in emotional wellbeing
- Misusing drugs and/or alcohol
- Going missing for periods of time, or regularly coming home late

- Regularly missing school or education, or not taking part in education

FGM

The DSL will make sure that staff have access to appropriate training to equip them to be alert to children affected by FGM or at risk of FGM. Training for FGM will be part of the whole school 2 year training

Section 7.3 of this policy sets out the procedures to be followed if a staff member discovers that an act of FGM appears to have been carried out or suspects that a pupil is at risk of FGM.

Indicators that FGM has already occurred include:

- A pupil confiding in a professional that FGM has taken place
- A mother/family member disclosing that FGM has been carried out
- A family/pupil already being known to social services in relation to other safeguarding issues
- A girl: Having difficulty walking, sitting or standing, or looking uncomfortable
- Finding it hard to sit still for long periods of time (where this was not a problem previously)
- Spending longer than normal in the bathroom or toilet due to difficulties urinating
- Having frequent urinary, menstrual or stomach problems
- Avoiding physical exercise or missing PE
- Being repeatedly absent from school, or absent for a prolonged period
- Demonstrating increased emotional and psychological needs – for example, withdrawal or depression, or significant change in behaviour
- Being reluctant to undergo any medical examinations
- Asking for help, but not being explicit about the problem
- Talking about pain or discomfort between her legs

Potential signs that a pupil may be at risk of FGM include:

- The girl's family having a history of practising FGM (this is the biggest risk factor to consider)
- FGM being known to be practised in the girl's community or country of origin
- A parent or family member expressing concern that FGM may be carried out
- A family not engaging with professionals (health, education or other) or already being known to social care in relation to other safeguarding issues
- A girl: Having a mother, older sibling or cousin who has undergone FGM
- Having limited level of integration within UK society
- Confiding to a professional that she is to have a "special procedure" or to attend a special occasion to "become a woman"
- Talking about a long holiday to her country of origin or another country where the practice is prevalent, or parents stating that they or a relative will take the girl out of the country for a prolonged period
- Requesting help from a teacher or another adult because she is aware or suspects that she is at immediate risk of FGM

- Talking about FGM in conversation – for example, a girl may tell other children about it (although it is important to take into account the context of the discussion)
- Being unexpectedly absent from school
- Having sections missing from her ‘red book’ (child health record) and/or attending a travel clinic or equivalent for vaccinations/anti-malarial medication

The above indicators and risk factors are not intended to be exhaustive.

Forced marriage

In a Primary school setting this is a unlikely occurrence however staff need to be aware of things to look for.

Forcing a person into marriage is a crime. A forced marriage is one entered into without the full and free consent of one or both parties and where violence, threats, or any other form of coercion is used to cause a person to enter into a marriage. Threats can be physical or emotional and psychological.

We are aware of the ‘one chance’ rule, i.e. we may only have one chance to speak to the potential victim and only one chance to save them.

If a member of staff suspects that a pupil is being forced into marriage, they will speak to the pupil about their concerns in a secure and private place. They will then report this to the DSL.

The DSL will:

- Speak to the pupil about the concerns in a secure and private place
- Activate the local safeguarding procedures and refer the case to the local authority’s designated officer
- Seek advice from the Forced Marriage Unit on 020 7008 0151 or fmufco.gov.uk
- Refer the pupil to an education welfare officer, pastoral tutor, learning mentor, or school counsellor, as appropriate

Preventing radicalisation

Radicalisation refers to the process by which a person comes to support terrorism and forms of extremism. Extremism is vocal or active opposition to fundamental British values, such as democracy, the rule of law, individual liberty, and mutual respect and tolerance of different faiths and beliefs.

Schools have a duty to prevent children from being drawn into terrorism. The DSL will undertake Prevent awareness training and make sure that staff have access to appropriate training to equip them to identify children at risk. At Hazeldene all staff have received Prevent training either online or as part of the 2 year training.

We will assess the risk of children in our school being drawn into terrorism. This assessment will be based on an understanding of the potential risk in our local area, in collaboration with our local safeguarding children board and local police force.

We will ensure that suitable internet filtering is in place, and equip our pupils to stay safe online at school and at home.

There is no single way of identifying an individual who is likely to be susceptible to an extremist ideology. Radicalisation can occur quickly or over a long period.

Staff will be alert to changes in pupils’ behaviour.

The government website [Educate Against Hate](#) and charity [NSPCC](#) say that signs that a pupil is being radicalised can include:

- Refusal to engage with, or becoming abusive to, peers who are different from themselves
- Becoming susceptible to conspiracy theories and feelings of persecution
- Changes in friendship groups and appearance
- Rejecting activities they used to enjoy
- Converting to a new religion
- Isolating themselves from family and friends
- Talking as if from a scripted speech
- An unwillingness or inability to discuss their views
- A sudden disrespectful attitude towards others
- Increased levels of anger
- Increased secretiveness, especially around internet use
- Expressions of sympathy for extremist ideologies and groups, or justification of their actions
- Accessing extremist material online, including on Facebook or Twitter
- Possessing extremist literature
- Being in contact with extremist recruiters and joining, or seeking to join, extremist organisations

Children who are at risk of radicalisation may have low self-esteem, or be victims of bullying or discrimination. It is important to note that these signs can also be part of normal teenage behaviour – staff should have confidence in their instincts and seek advice if something feels wrong.

If staff are concerned about a pupil, they will follow our procedures set out in section 7.5 of this policy, including discussing their concerns with the DSL.

Staff should **always** take action if they are worried.

Further information on the school's measures to prevent radicalisation are set out in our Prevent Policy

Checking the identity and suitability of visitors

All visitors will be required to verify their identity to the satisfaction of staff and to leave their belongings, including their mobile phone(s), in a secure locker.

If the visitor is unknown to the setting, we will check their credentials and reason for visiting before allowing them to enter the setting. Visitors should be ready to produce identification.

Visitors are expected to sign in via the electronic signing in system and wear the printed badge with their photograph.

All visitors to our setting, including visiting speakers, will be accompanied by a member of staff at all times. We will not invite into the school any speaker who is known to disseminate extremist views, and will carry out appropriate checks to ensure that any individual or organisation using school facilities is not seeking to disseminate extremist views or radicalise pupils or staff.

Non-collection of children

If a child is not collected at the end of the session/day, we will phone the parent to try and find out why they have not been able to pick up. The child will be placed in care club. If we cannot contact parents/carers we will try another contact. If we can't contact anyone within 30 mins we will contact emergency services. A senior member of staff will remain with the child until either the parent has safely picked up and the member of staff is satisfied, or the emergency services have taken responsibility.

Missing pupils – see missing child policy
