This week we will be looking at Bonfire Night and Poppy Day. We will start the week by writing sentences about the weekend Fireworks we may have seen. The sentence will begin 'I saw a...'

In art we will be making firework rockets on Monday. Later in the week we will be making Poppy collages and printing poppies with celery. On Friday, we will be icing biscuits to look like poppies. ***Please speak to your child's teachers if your child can not have a Rich Tea/Digestive biscuit with icing on top.***

We are committed to raising the children's Well-being and Involvement here in the Reception. We would love to see the children looking really involved in an activity at home such as making Lego models or drawing and making. When do you see your child really involved? Can you Dojo us photos of what really motivates and involves your child. This way, we can add these activities to our planning.

We shall be beginning our preparations for our Christmas Production very soon. Please look out for the 'Christmas costume' letter. Each year we ask for your kind support in providing some clothing to help support our Christmas play.

In maths this week, we will be having a focus on Capacity We will be asking questions such as which container holds more? Holds the least? We will also be asking the children to order the containers (holds the least, holds the most).

We are continuing this week to look at People Who help us. We are always grateful to have visitors in our classrooms. If any parents are Postal Workers, Vets, Doctors, Dentists etc we would love to invite you in to talk to the children about your job. Please come and talk to us if you have one of these jobs.
