

# What are we learning this week?

12/11/18

This week we will be looking at the story Henry's Holiday. This is the story of a penguin that cannot get warm in the winter cold weather even though he puts on a hat, scarf, boots etc. He travels to hot places where pineapples grow and still cannot get warm. We will be writing about Henry using the sentence starter, He put on a hat but was still cold... We are working towards a winter display in the corridor so will be including this week's writing in the display.

As we continue to think about people in our community that help us, we are lucky enough next week, to be inviting two of our parents into class to talk about how nurses help us and how police help us too. Many thanks to our parents for their time and support with our topic. The children love having visitors in school!

We shall be beginning our preparations for our Christmas Production very soon. Please look out for the 'Christmas costume' letter. Each year we ask for your kind support in providing some clothing to help support our Christmas play.

This week we will be looking at a lot of Knowledge and Understanding Of The World. We will be looking at freezing water and the changes we see as water turns into ice. We will be asking questions about where will it melt the quickest and will it turn back into water? We will also be looking at warm countries and using a map of the world to find hot countries.

We will also be looking at how Henry could keep warm and what clothes are best for keeping the warmth in.

We will also be looking at the fruits that grow in warm countries and tasting pineapples.
