

What are we learning this week?

14/5/18

This week we will be looking at the story of Superworm by Julia Donaldson. We will be reading the story together and writing certificates as well as making zig zag books about all the heroic things Superworm did. Later in the week, we will be making information booklets about Bees as well as using adjectives at the end of the week to describe other insects that appear in the book. If you would like to join in with some activities, you can visit www.forestry.gov.uk/superworm for an activity sheet to complete outdoors.

In art, we will be painting and cutting superhero capes. We will then be making Lizard collages as well as giant spider webs. We will also be making craft crows as well as printing with spaghetti. A very busy week ahead. Thank you.

Hopefully we will begin swimming after the half term. Tuesday am for RS and Friday am for RKL, weather permitting.

Please send in pink forms and if you can help, please let us know. Thank you

We have some exciting Child Initiated Tasks planned this week, including:

- 'Worms and playdough' rolling different lengths and measuring.
- Making jelly worms using jelly and straws.
- 'Pasta worms'.
- Exploring 'spaghetti worms'.

In Maths this week: we will be looking at how to estimate and measure length using cubes. We will also be looking at 2D shapes naming them and making 2D Super worms.

On Friday, we will be making crafts and activities to celebrate the Royal Wedding.
