

# What are we learning this week?

18/3/19

This week we will be looking at the story 'Brenda's Boring Egg.' The children will continue their look at new life and life cycles. They will be designing their own egg shells and taking part in some interesting science experiments including 'bouncy eggs'!!

We will be looking at non-fiction and concentrating on ducklings and using some descriptive language too.

We will continue the egg them throughout this week moving on to thinking about other animals that come from eggs including dinosaurs! In art this week we will begin our Mother's Day cards as well as making musical instruments from yoghurt pots ready to accompany our singing at the Easter Parade!

With the new RE syllabus for Reception now off the ground, we will be starting our topic that leads up to the Easter story by starting to think about any stories the children have already heard about Jesus.
