

# What are we learning this week?

19/11/18

This week we will be looking at the story Jack Frost fitting in nicely as the weather continues to get colder! The children will be painting and collaging Jack Frost pictures using cold colours and cold coloured materials. We will be taking a look at snowflakes and the patterns they make as well as completing some lovely threaded snowflakes. The children will be looking in their literacy at describing words to describe Jack Frost using and writing words such as: cold, icy, blue, freezing etc.

We will continue the winter theme by looking at hibernating animals, winter clothes to keep us warm and a close look at ice and melting and freezing.

In maths this week, we will be continuing to look at numbers to ten. This week we will be concentrating on the numbers 7 and 8. We will be continuing to use Numicon to find ways of making 7 and 8 as well as using the Tens Frames to make show these numbers.

The children have been bringing in some lovely handwriting in their homework books. Thank you for

supporting this! This week in class we are recapping the sounds: k, l, r and u.

On Friday 23<sup>rd</sup> the children are invited to come to school dressed in Mufti for the day donations are towards Christmas Fayre.
