

Oceans
and
Seas
Year 2
Summer

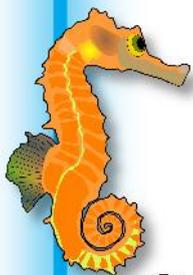

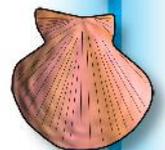

This term we will be finding out about:

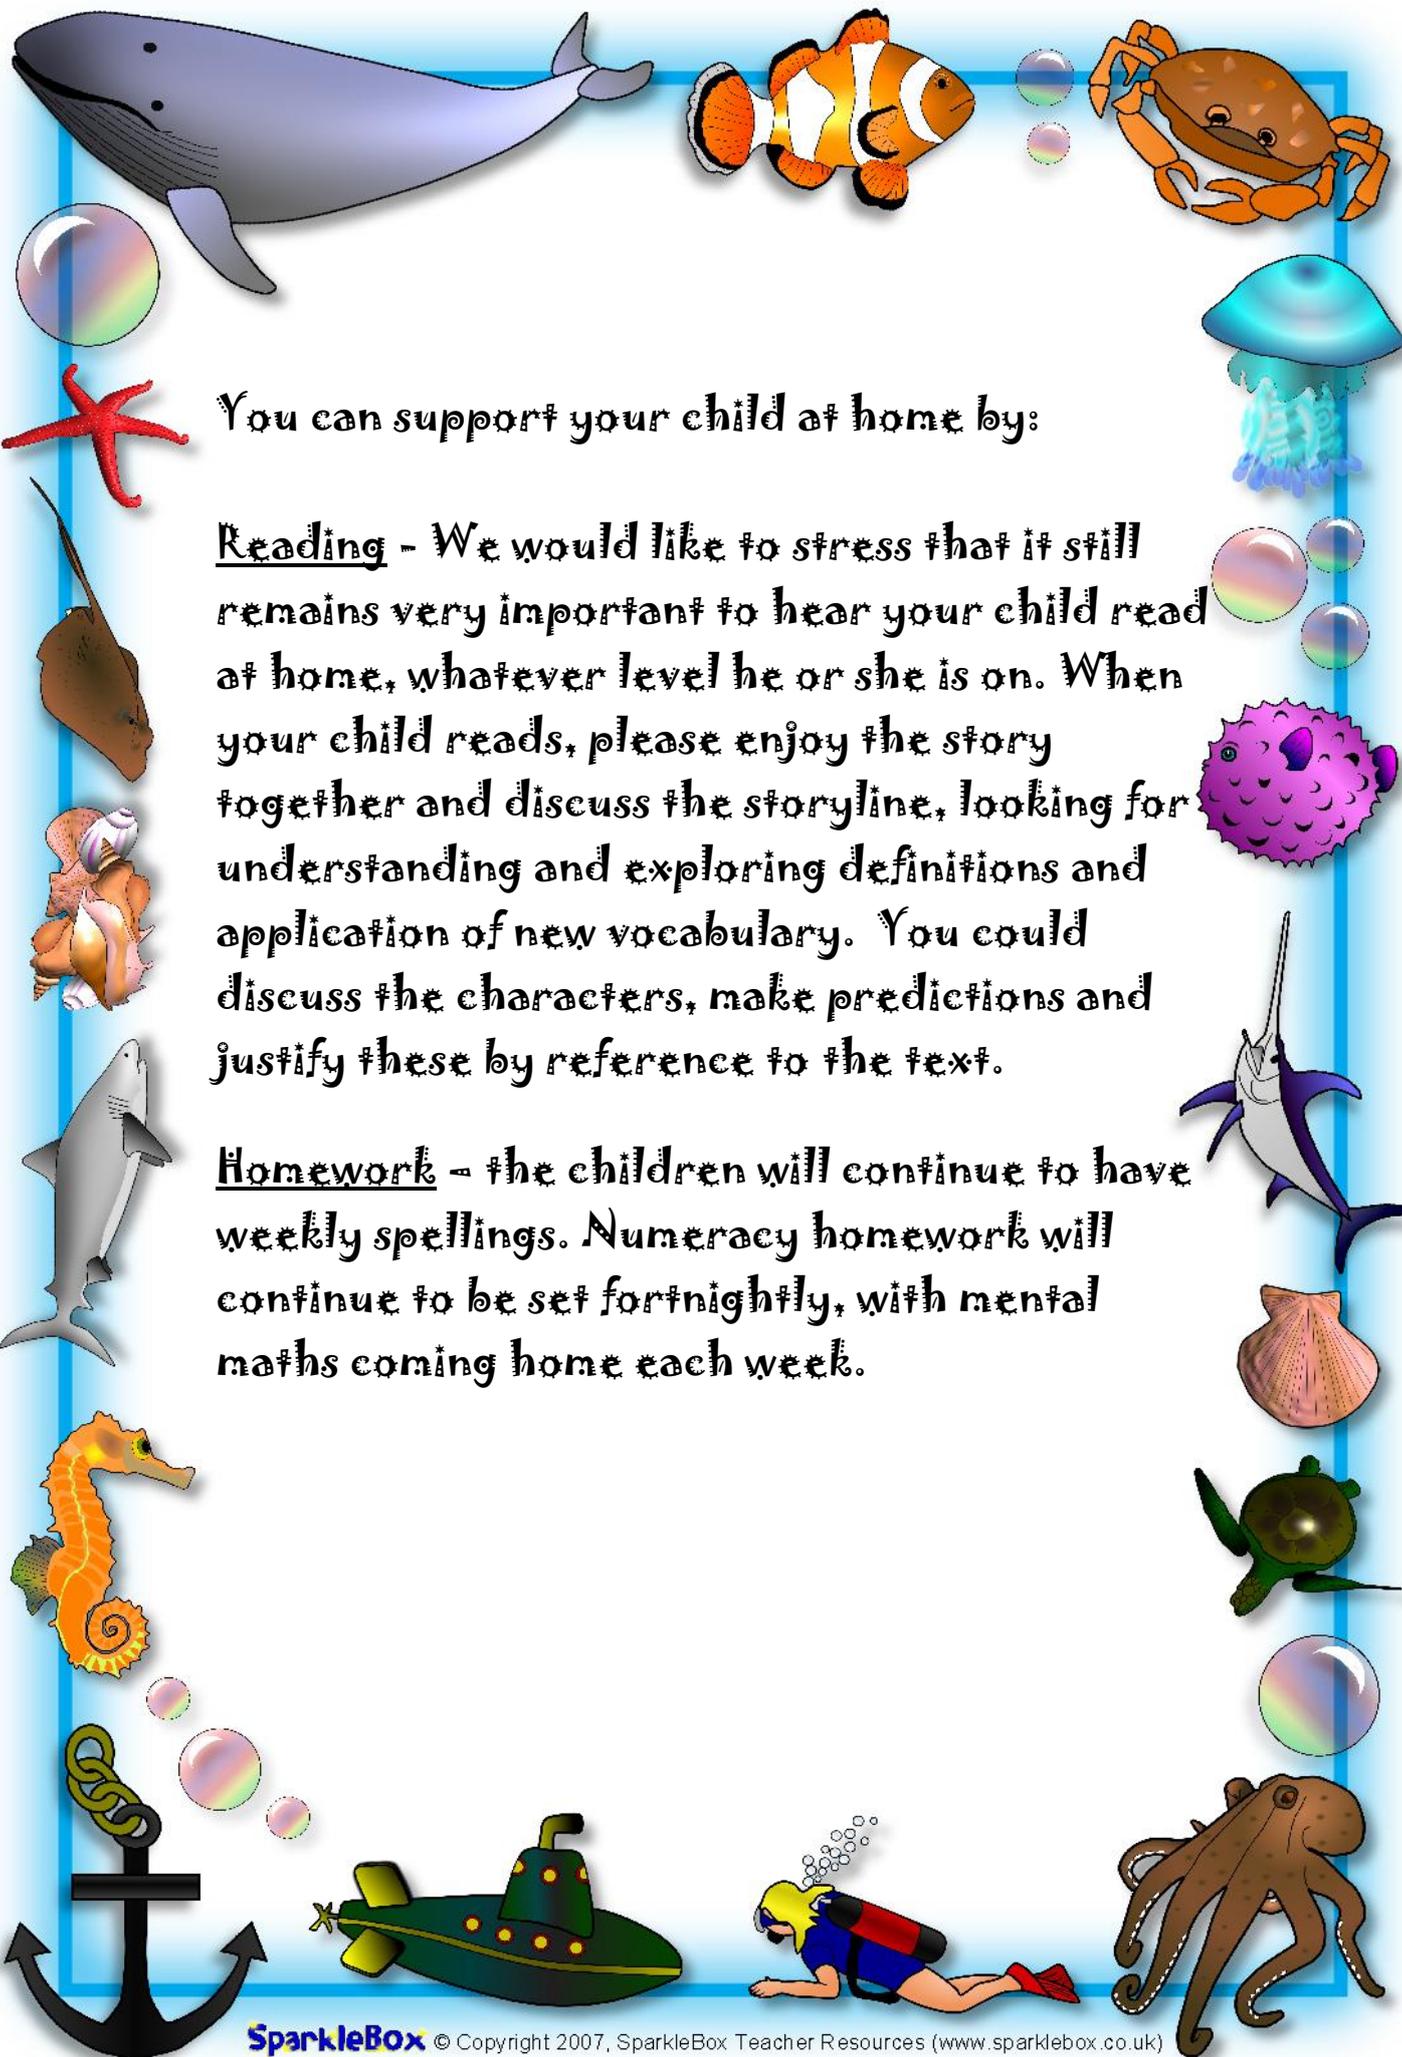

- The oceans and seas of the world using maps, atlases and globes
- Seas in the UK and globally
- The weather locally and abroad
- Whales and how they communicate through song
- Henry 8th and his famous ship - The Mary Rose
- Printing
- The life and work of Claude Monet
- Using clay to make products
- Living Things, habitats and plants

On Friday 25th May, we will also be having an Ocean and Seas day, more details coming soon!

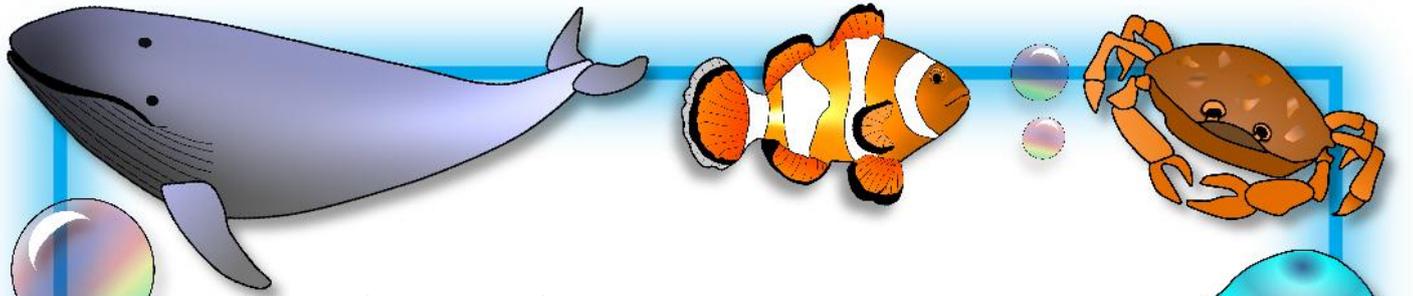

You can support your child at home by:

Reading - We would like to stress that it still remains very important to hear your child read at home, whatever level he or she is on. When your child reads, please enjoy the story together and discuss the storyline, looking for understanding and exploring definitions and application of new vocabulary. You could discuss the characters, make predictions and justify these by reference to the text.

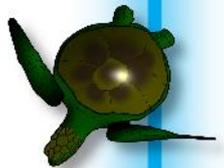

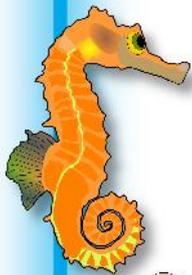

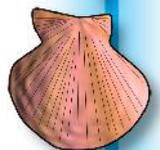

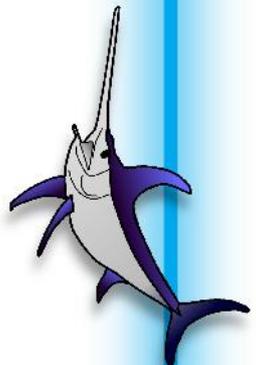

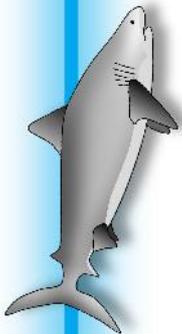

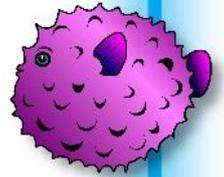

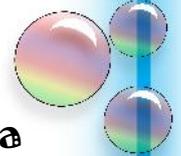

Homework - the children will continue to have weekly spellings. Numeracy homework will continue to be set fortnightly, with mental maths coming home each week.

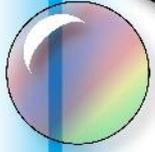

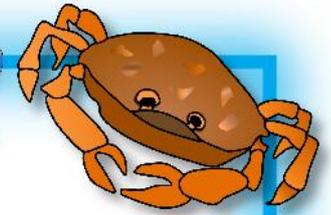

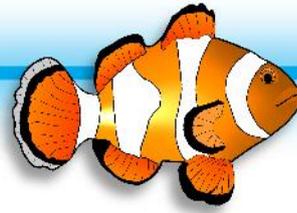

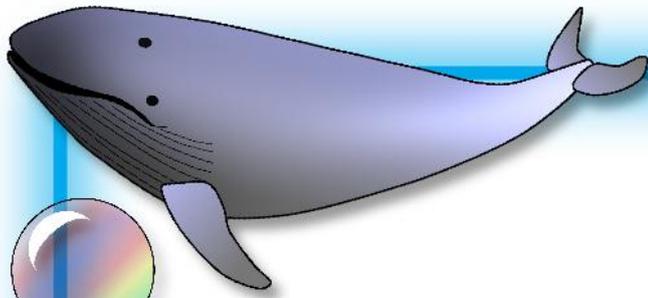

Doing /making/ visiting - our topic lends itself to a variety of craft activities, whether making under water creatures or creating fantasy characters.

Visiting sea life centres is always fun, or taking a look at local wildlife.

The local library is always an enjoyable experience, and both Putnoe and Bedford library have a range of children's fiction and non-fiction books about oceans and seas.

Key information:
