

What are we learning this week 18th September!

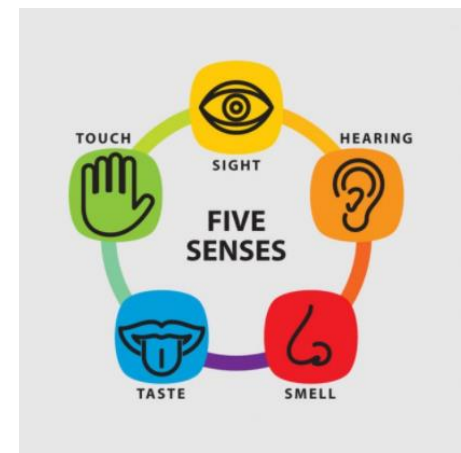

This week we will be learning all about our senses. Looking at Pictures and labelling the different senses. Working in our key groups and looking at what makes us unique.

We will be testing out our senses one of which will be a taste testing, looking at the different flavours that are sweet, salty, sour and bitter.

You can look at our senses on the following link <http://kidshealth.org>.

In maths - We will be making a bar chart looking at the different colour eyes in the Nursery, can they see which eye colour is more popular. Do we all have the same?

In P.E - The children will be carrying on with balance and playing balance tag.

In Literacy - The Nursery will have an interactive story where they can lift up flaps to reveal what's behind the different sense.

In Communication we will be looking at the changes in the outside area, have the leaves started falling from the trees?

In Expressive Arts - we will be singing our favourite nursery rhymes and playing our musical instruments, looking at the different tempos.
