

What are we learning this week 19th March!

This week is our last week of going around the world. We will be looking at how Pirates travelled around on the sea. Looking at how to read a map and where we can find our hidden treasure. Going on our own treasure hunt around the school.

In P.E we will be looking at catching and throwing, using different objects that we can pass between our partner i.e. ball, bean bag, rugby ball?

Our sound of the week is H, we will be focusing on H sounds.

In KUW - Focusing on technology we will be using the interactive board to look up facts on Pirates and sea creatures. From our fact finding we will have a try at drawing using the computer.

In maths the children will be making their own coins and writing the numerals on. We will then place these coins on a washing line in number order.

In literacy - Fact finding about pirates, what language they spoke. What they might keep on their ship, the clothes they wore.

EAD - Sea creature rescue! Helping to look after the different creatures in the sea. Talking about how we can look after the environment and recycle.
