

What are we learning this week!

This week we are looking at the changes in the environment. We will be looking at Autumn fruits and vegetables, looking at what the farmers do around Harvest time.

We will be introducing Jolly phonics learning the sounds to the song. This week the letter is P, can you find objects that begin with P.

In P.E. we shall be safely moving from one height to another using the balance beams.

In Literacy we shall be finding out about our Harvest going to the library.

EAD Using various materials to make potions in our science lab, using our senses to describe.

In maths we shall be make vegetable soup, talking about quantities, shape and weight. Children will be able to take home and share.

In KUW the children will be carving a pumpkin and butternut squash. Taste testing after it has been cooked.
