Summer Theme Take Away Task

Dear Parents/Carers

We hope you have all managed to see a copy of the Foundation Curriculum booklet on the school website. After two exciting weeks looking at farming and farm animals we are moving onto our new theme work called 'A Bug's Life'. We would like to begin our new topic with another 'Stunning Start'. For this take away task, we are asking that you help your child to make a **3D bug or insect** using recyclable materials. You may like to make: *an ant, a beetle, a spider, a bee, a butterfly, a ladybird, a caterpillar or even a wasp*. The choice is yours! If we could ask that the creations are kept to the size of a shoe box so we can fit them all onto a class wall display. Please can you also help your child to research at least one fact about their bug and bring this with their model to school for Wednesday 19th April.

Next week we shall be looking at the story of the *Very Hungry Caterpillar* in preparation for our new topic.

Thank you for your continued support in helping your children to achieve wonderful Take Away Tasks.

The Foundation Team
