Dear Parents/Carers

To celebrate Numeracy in the school we will be holding a Maths Day on Tuesday 5th June, and also inviting parents in during that week to enjoy maths activities. We are not asking the children to dress up this year but are encouraging them to enter our 'creative maths competition'. The theme for the competition is 'Maths all around us', encouraging children to look for mathematical evidence in our daily lives. We would like children to get creative and represent their ideas in imaginative ways, sending in the evidence to school.

Suggestions for evidence.... (But I am sure you have more ideas!)

- Artwork with mathematical theme, poetry, photos , models etc

We would like to create a gallery of the children's work/ ideas which parents will be invited to come and view. Please write on the back of the evidence your child's name, class and a brief description of the maths you have evidenced. Please send your entry to school on Monday 4th June.

During the week we would like to invite you to join your child in a fun and practical mathematical puzzle session. Each class has been allocated a time slot and we ask that only **one** adult attends the session.

Thank you for your continued support and we look forward to seeing all your creative entries to the competition.
